

## AMENDMENTS

### Listing of Claims:

This listing of claims will replace all prior versions, and listings, of claims in the application:

1. (Currently Amended) A double hinge for use ~~in use~~ in attaching a top cover to a cassette having a pair of opposing side walls, a pair of opposing end walls and a bottom wall, said hinge comprising:

a first horizontally oriented ~~piano~~-hinge interconnected to either an end wall or a side wall and the top cover dividing said end or side wall into upper and lower halves; and

a second ~~piano~~-hinge oriented in juxtaposed relationship to said first hinge dividing said top cover into two interconnected pieces wherein the piece of the top cover attached to said end wall or side wall is of the same general dimensional size as said end wall or side wall to which said cover is attached to by means of said first hinge;

whereby said hinge allows said top cover to lay flat upon a same surface which said bottom wall also rests upon.

20. (Canceled)

21. (New) A double hinge for use with a container having opposing side walls and end walls, a flat bottom wall for resting upon a surface, and a top cover, said double hinge comprising a first generally horizontally oriented hinge dividing one of said end walls or one of said side walls into upper and lower portions and a second generally horizontally disposed hinge connecting the upper portion of said wall to the top cover so as to permit said top cover and said hinge to lay flat upon the same surface which said bottom wall rests.
22. (New) The double hinge of claim 21 wherein said double hinge is configured to allow said top cover to be folded beneath said flat bottom wall.
23. (New) The double hinge of claim 21 wherein said hinge and said container are made of metal.
24. (New) The double hinge of claim 21 wherein said first and second hinges are made approximately equal in their dimensions.
